Foundation Faces to Canadian War Graves Groesbeek

I have a long association with Canada; family members reside there and I have lived in Toronto and Vancouver. For more than thirty years I have made a yearly visit to the country.

My involvement with the Remembrance day events came because of the grave of the Canadian soldier Joseph N. Robichaud in the cemetery where my parents and also family members who died in the war, are buried. I am co-founder and a board member of the foundation Faces to Canadian War Graves Groesbeek since 2015.

During my service in the Dutch army I served in the artillery and in 2014 became a member of the Royal Canadian Legion, branch 005, regularly taking part in the remembrance events.

We will remember them.
