Foundation Faces to Canadian War Graves Groesbeek

After we were allowed to lodge Canadian war veterans from 1990 onwards, close bands have been formed with Canada.

Commemorate, remember and celebrate together.

The era of lodging veterans came to an end in 2010. There is still a lot of contact with the families and friends of these veterans with as more or less logical consequence, regular visits to Canada.

For seven years I was a part of the operational management of the Memory, War and Peace Museum in Nijverdal and am still involved indirectly. I am a member of the Royal Canadian Legion, Branch 005 where I am a part of the Color Party.
